

**THIS MANUAL IS PART OF THE PRODUCT. READ IT CAREFULLY IN ORDER TO USE AND MAINTAIN THE EQUIPMENT CORRECTLY. IT IS IMPORTANT TO KEEP IT FOR FUTURE TROUBLESHOOTING AND REFERENCE.**

## INTRODUCCION

### **WARNING**

The installation of this equipment should be done by the Technical Assistance Service department. The inlet jack should always be placed on an accessible location. ALWAYS disconnect the power supply from the machine BEFORE any cleaning or maintenance service. Any change needed on the electrical installation for the appropriate connection of the machine, should be exclusively performed by qualified and certified professional personnel only. Any use by the ice maker not intended to produce ice, using drinking water, is considered inappropriate. It is extremely dangerous to modify or intend to modify this machine, and shall make any type warranty void. This machine should not be used by children or handicapped without the proper supervision and monitoring. Children should be monitored to assure that they should not play near the equipment. This machine is not intended to be used outdoors nor exposed to the rain. Connect the equipment to the drinking water network. The machine should be connected using the power cable supplied with the equipment. The connection is not intended for fixed cabling.

### **IT IS MANDATORY TO GROUND THE EQUIPMENT**

**To avoid possible discharges on individuals or damages to the equipment, the machine should be grounded pursuant local and/or national regulations as the case may be. THE MANUFACTURER SHALL BE HELD HARMLESS IN CASE OF DAMAGES ARISING DUE TO THE LACK OF THE GROUND INSTALLATION.**

In order to assure the proper operation and efficiency of this equipment, it is of paramount importance to follow the recommendations of the manufacturer; SPECIALLY THOSE RELATED TO CLEANING AND MAINTENANCE OPERATIONS, which should be performed mostly by qualified personnel only.

### **CAUTION:**

Do not try to perform repairs. The intervention of non-qualified personnel, besides of being dangerous, could result in serious malfunctioning. In case of damages, contact your distributor. We recommend to always use original replacement and spare parts. Perform all discharge and recovery of materials or waste according the national regulations in force.

# RECEPTION OF THE MACHINE

Inspect the outside packing. In case of damages, **MAKE THE CORRESPONDING CLAIM TO THE CARRIER.** To confirm the existence of damages, **UNPACK THE MACHINE IN THE PRESENCE OF THE CARRIER** and state any damage on the equipment on the reception document, or on a separate instrument.

Always state the machine number and model. This number is printed on three locations:

## 1. Packing

On the outside, it contains a label with the manufacturing number (I).

## 2. Exterior of the equipment

On the back of the equipment, there appears a label with the same characteristics as the previous one (I).

## 3. Nameplate

On the back of the machine.

Check that in interior of the machine the installation kit is complete and comprises:

- Ice scraper, 3/4 gas pipe, 22 mm (0.86 inches) discharge hose, two filters and manual.
- In some models, shims are included.

**CAUTION: ALL PACKING ELEMENTS (plastic bags, carton boxes and wood pallets) SHOULD BE KEPT OUTSIDE THE REACH OF CHILDREN, AS THEY ARE A SOURCE OF POTENTIAL HAZARD.**

# INSTALLATION

THIS ICE MAKER IS **NOT** DESIGNED FOR OUTDOOR OPERATION.

**An incorrect installation of the equipment may cause damages to individuals, animals or other materials, being the manufacturer not responsible for such damages.**

**CAUTION:** The NG DP machines are designed to operate at room temperature between 5°C (41°F) and 43°C (109.40°F).

There may be some difficulties in ice- cube removal under the minimum temperatures. Above the maximum temperature, the life of the compressor is shortened and the production is substantially less.

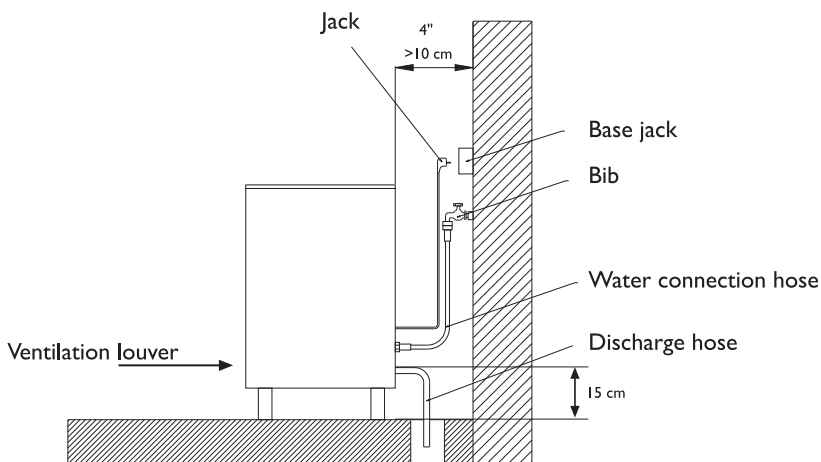

Air cooled condensing units take air in through their front section and expel it through side, back and frontal grates thanks to their new structure and the oblique positioning of the condensing unit.

Do not place on top of the ice maker or in front of the front grate.

In case the front louver is not enough, the exit is either total or partially obstructed or due to its placement it will receive hot air from another device, we recommend, in case it is not possible to change the location of the machine, **TO INSTALL A WATER CONDENSER.**

**IT IS IMPORTANT THAT THE WATER PIPING DO NOT PASS BY OR NEAR SOURCES OF HEAT SO AS NOT TO LOSE ICE PRODUCTION.**

**THREAD THE SUPPORT LEGS TO THE BASE OF THE MACHINE ON THE HOUSING SET TO SUCH END AND REGULATE THE HEIGHT AS TO HAVE THE EQUIPMENT PERFECTLY LEVELED.**

## 2. WATER AND DRAINAGE

Water quality has a remarkable influence on the appearance, hardness and flavor of the ice as well as, on the machines condensed by water, on the life of the condenser.

## 3. CONNECTIONS TO THE WATER NETWORK

Use a flexible pipe (1.3 m – 4.27 feet length) with the two filter joints supplied with the machine. We strongly discourage the use of two-exit bibs and two switches as, due to an error could close that back one, leaving the machine without water supply. This could result on a damage call without actually existing one. Pressure should be established between 0.7 and 6 Bar (10 / 85 psi.) If pressures overpass such values, install the necessary corrective devices.

## 4. CONNECTION TO DRAINAGE

Drainage should be located lower to the machine level, at 150 mm (5.91 inches) minimum. It is convenient that the drainage pipe is of 30 mm (1.18 in) of interior diameter and with a minimum gradient of 3 cm (1.18 in) per meter (see figure).

## 5. ELECTRICAL CONNECTION:

### **IT IS MANDATORY TO GROUND THE EQUIPMENT**

**To avoid possible discharges on individuals or damages to the equipment, the machine should be grounded pursuant local and/or national regulations as the case may be. THE MANUFACTURER SHALL BE HELD HARMLESS IN CASE OF DAMAGES ARISING DUE TO THE LACK OF THE GROUND INSTALLATION.**

The machine is supplied with a 1.5 m (4.92 feet) cable of length. In case the supply cable is damaged, it should be replaced by a cable of special assembly to be furnished by the manufacturer or post-sale service. Such replacement should be performed by qualified technical service only.

The machine should be placed in such a way as to allow a minimum space between the back and the wall to allow an easy access and without risks to the cable jack.

Safeguard the base of the jack.

It is convenient to install adequate switches and fuses.

**Voltage and tension are indicated in the nameplate and on the technical specifications of this manual. Variation on voltage above the 10% stated on the nameplate could result on damages or prevent the machine start-up.**

## 6. INSTALLATION OF MODULAR EQUIPMENTS OVER DEPOSITS OR SILOS

Modular makers should be installed over deposits or silos, following the instructions contained in this manual.

The resistance and stability of the container-machine/assembly should be verified, as well as the fastening elements.

To install two modular stacked equipments, remove the upper cover of the maker to be installed below, and assembly the second maker on the fastening elements supplied to such end on the first maker.

At the end of the manual, you will find a diagram of the electrical connection to install two modular stacked equipments.

### START-UP

#### I. Previous Checkup

- Is the machine leveled?
- Voltage and frequency are the same as those on the nameplate?
- Are the discharges connected and operating?
- \*\* If air condensed: Is the air circulation and its temperature appropriate?

	ROOM	WATER
MAXIMUM	43°C	35°C
MINIMUM	5°C	5°C

- \*\* Is water pressure appropriate?

MINIMUM	0,7 Bar
MAXIMUM	6 Bar

**NOTE:** In case input water pressure is higher that 6 Bar, install a pressure reducer. THE BIBB CONNECTION PRESSURE SHOULD NEVER BE REDUCED.

## 2. Start-up

Once the installation instructions are followed (ventilation, site conditions, temperatures, water quality, etc.), proceed as follows:

- 1) Open the water inlet. Verify the existence of leakages.
- 2) Open the door and remove the protection elements that are inserted on the shield.
- 3) Connect the machine to the electrical network.
- 4) Push the (blue) switch found on the machine front side.
- 5) Verify that there are no vibrations or frictions on the elements.
- 6) Verify that the shield moves freely.
- 7) Verify that the injectors send the water to the evaporator on the right direction (even spread).
- 8) After 10 minutes, verify that the water container has no leakages through the maximum level retainer.
- 9) Verify that after the final cycle, the frost on the aspiration pipe is at 20 mm (0.78 in) of the compressor.

### CAUTION:

INSTRUCT THE USER ABOUT MAINTENANCE, INFORMING THAT  
**MAINTENANCE AND CLEANING OPERATION AS WELL AS DAMAGES DUE TO THE  
 LACK OF SUCH OPERATIONS: ARE NOT INCLUDED ON THE WARRANTY.**

The technical installer shall invoice traveling costs, hours and materials used on such operations.

## MAINTENANCE AND CLEANING INSTRUCTIONS

**CAUTION:** Maintenance and cleaning operations and damages as the lack of those activities: Are not included on the warranty.

If a good maintenance is performed, the machine will continue producing a good quality ice and will be free of damages.

Maintenance and cleaning intervals will depend on the conditions of the location and water quality.

**CAUTION:** At least, one revision and cleaning should be performed every six months. On dusty environments, it might be necessary to clean the condenser on a monthly basis.

## MAINTENANCE AND CLEANING PROCEDURES

**\*\* CAUTION:** For all cleaning and maintenance operations: Disconnect the machine from the power supply.

### 1. Water condenser

- 1) Disconnect the machine.
- 2) Disconnect the water inlet or close the bibb.
- 3) Disconnect the water inlet and outlet from the condenser.
- 4) Prepare a solution at the 50% of phosphoric acid and distilled or demineralized water.
- 5) Make the solution circulate through the condenser. (The solution is more effective if hot - between 35°C [95°F] and 40°C [104°F] -).

## 2. Air Condenser

- 1) Disconnect the machine.
- 2) Disconnect the water inlet or close the bibb.
- 3) Clean the louvered area with the help of an aspirator with a brush, non-metallic brush or low-pressure air.

## 3. Cleaning the production bin

- 1) Disconnect the black plug at the back of the machine's electrical panel. (NG DP)
- 2) Prepare a solution of one part phosphoric acid to one part water. Do not use chlorohydric acid. Pour the solution into the bucket where the pump is installed until the bucket is full. The mixture is more effective if it is made with warm water (35°bcC- 40°bcC).
- 3) Switch the machine on using the front switch and let the solution run through the maker for 20 minutes.
- 4) Remove the overflow tray and allow the bucket to empty out. Replace the overflow tray.
- 5) Select the start programme to refill the water bucket. Circulate the fresh water through the machine to remove any traces of acid.
- 6) Remove the overflow tray to empty out the water and then replace it once again.
- 7) Reconnect the black plug that was removed in step 1 and select the start programme to begin a new cycle.
- 8) The ice from the first two cycles should be discarded.

## 4. Cleaning the ice bin and exterior

- 1) Disconnect the machine, switch off the water supply and empty the ice bin.
- 2) Clean with a soft kitchen cloth, plenty of water and a mild detergent.

## 5. Collectors and Injectors

- 1) Remove the shield. (Take the time to clean it with phosphoric acid, clean with bleach and clear under water).
- 2) Remove the louver of ice drop. (Clean as done with the shield).
- 3) PULL THE COLLECTOR UPWARDS. IT IS PRESSURE MOUNTED.
- 4) Disassemble the injectors and lids, and clean them.
- 5) Disassemble and clean the main head filter. (IT IS PRESSURE MOUNTED).
- 6) Assemble the filter, injectors and collector.

**CAUTION:** IT IS VERY IMPORTANT WHEN REPLACING THE CONTAINER THAT THE INJECTORS BE PERPENDICULAR, AS IF TWISTED, THE EXTERNAL CUBES COULD RUN OUT OF WATER.

## 6. Cleaning of the Inlet filters

They are easily obstructed during the first days of operation, MAINLY WITH NEW PIPING INSTALLATIONS. Loose the hose and clean it under water.

## 7. Water Leak Control

When working on the machine, always check the water connections, status of the clamps and hoses with the purpose of avoiding leakages and prevent damages or floods.

## MODULAR MODELS – STOP FILL KIT

When starting up two modular stacked machines (one above the other), the stop assembly will be determined by the thermostat of stock of the machine installed on the lower part, thanks to the kit supplied.

In this way, when the thermostat probe determines that the container is full of ice (it detects a temperature between 1°C – 33.8°F and 5°C – 41°F), an independent stop of the machines will be produced just when the manufacturing cycle ends and starts the ice removal cycle. This is to say, except on a coincidence, the machines never stop at the same time.

The stop kit installation scheme shall be as follows:

In this way, two power cables of the coil will be connected to the electrical jack between 4 and 2 (brown and red) of the machine installed on the lower part, while the two terminals of the stock thermostat are disconnected from the machine installed on the upper part, and will be connected to the two cables from the relay outlet.

# KIT ASSEMBLY

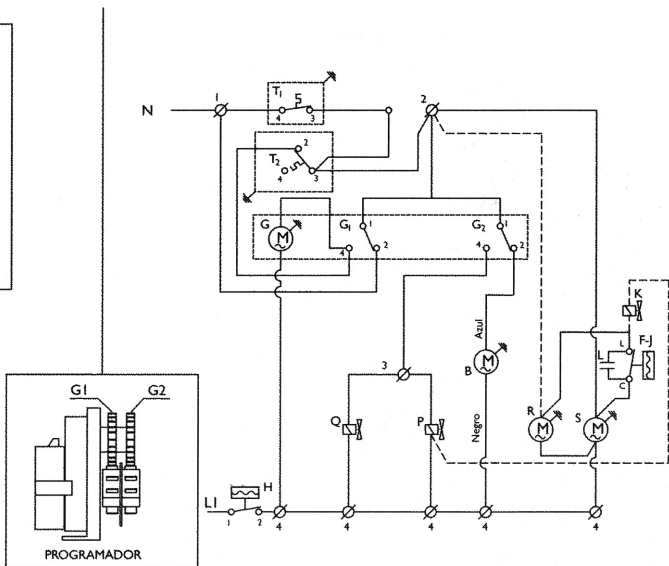

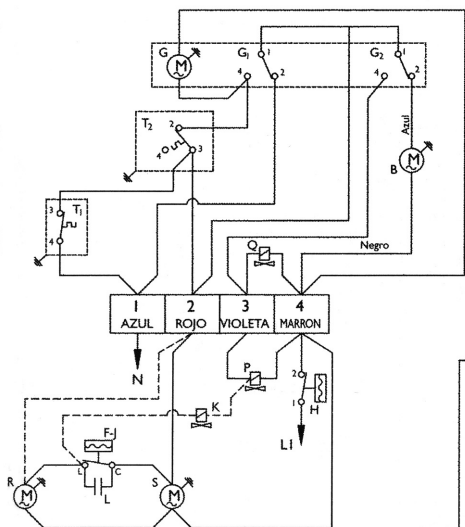

Assemble the pieces as shown in the picture.  
Tighten firmly the screw to avoid the male foot turning when screwing the female supplement.

**D** In Übereinstimmung mit den Anforderungen der Europäischen Richtlinie 2002/96/EG über Elektro- und Elektronik-Altgeräte (WEEE) ist vorliegendes Gerät mit einer Markierung versehen. Sie leisten einen positiven Beitrag für den Schutz der Umwelt und die Gesundheit des Menschen, wenn Sie dieses Gerät einer gesonderten Abfallsammlung zuführen. Im unsortierten Siedlungsmüll könnte ein solches Gerät durch unsachgemäße Entsorgung negative Konsequenzen nach sich ziehen. Auf dem Produkt oder der beiliegenden Produktdokumentation ist

folgendes Symbol  einer durchgestrichenen Abfalltonne abgebildet. Es weist darauf hin, dass eine Entsorgung im normalen Haushaltsabfall nicht zulässig ist. Entsorgen Sie dieses Produkt im Recyclinghof mit einer getrennten Sammlung für Elektro- und Elektronikgeräte.

Die Entsorgung muss gemäß den örtlichen Bestimmungen zur Abfallbeseitigung erfolgen. Bitte wenden Sie sich an die zuständigen Behörden Ihrer Gemeindeverwaltung, an den lokalen Recyclinghof für Haushaltsmüll oder an den Händler, bei dem Sie dieses Gerät erworben haben, um weitere Informationen über Behandlung, Verwertung und Wiederverwendung dieses Produkts zu erhalten.

**GB** This appliance is marked according to the European directive 2002/96/EC on Waste Electrical and Electronic Equipment (WEEE). By ensuring this product is disposed of correctly, you will help prevent potential negative consequences for the environment and human health, which could otherwise be caused by inappropriate waste handling of this product.

The symbol  on the product, or on the documents accompanying the product, indicates that this appliance may not be treated as household waste. Instead it shall be handed over to the applicable collection point for the recycling of electrical and electronic equipment.

Disposal must be carried out in accordance with local environmental regulations for waste disposal. For more detailed information about treatment, recovery and recycling of this product, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

**F** Cet appareil porte le symbole du recyclage conformément à la Directive Européenne 2002/96/CE concernant les Déchets d'Équipements Électriques et Électroniques (DEEE ou WEEE). En procédant correctement à la mise au rebut de cet appareil, vous contribuerez à empêcher toute conséquence nuisible pour l'environnement et la santé de l'homme.

Le symbole  présent sur l'appareil ou sur la documentation qui l'accompagne indique que ce produit ne peut en aucun cas être traité comme déchet ménager. Il doit par conséquent être remis à un centre de collecte des déchets chargé du recyclage des équipements électriques et électroniques.

Pour la mise au rebut, respectez les normes relatives à l'élimination des déchets en vigueur dans le pays d'installation.

Pour obtenir de plus amples détails au sujet du traitement, de la récupération et du recyclage de cet appareil, veuillez vous adresser au bureau compétent de votre commune, à la société de collecte des déchets ou directement à votre revendeur.

**NL** Dit apparaat is voorzien van het merkteken volgens de Europese richtlijn 2002/96/EG inzake Afgedankte elektrische en elektronische apparaten (AEEA).

Door ervoor te zorgen dat dit product op de juiste manier als afval wordt verwerkt, helpt u mogelijk negatieve consequenties voor het milieu en de menselijke gezondheid te voorkomen die anders zouden kunnen worden veroorzaakt door onjuiste verwerking van dit product als afval.

Het symbool  op het product of op de bijbehorende documentatie geeft aan dat dit product niet als huishoudelijk afval mag worden behandeld. In plaats daarvan moet het worden afgegeven bij een verzamelpunt voor recycling van elektrische en elektronische apparaten.

Afdanking moet worden uitgevoerd in overeenstemming met de plaatselijke milieuvoorschriften voor afvalverwerking.

Voor nadere informatie over de behandeling, terugwinning en recycling van dit product wordt u verzocht contact op te nemen met het stadskantoor in uw woonplaats, uw afvalophalendienst of de winkel waar u het product heeft aangeschaft.

**E** Este aparato lleva el marcado CE en conformidad con la Directiva 2002/96/EC del Parlamento Europeo y del Consejo sobre residuos de aparatos eléctricos y electrónicos (RAEE). La correcta eliminación de este producto evita consecuencias negativas para el medioambiente y la salud.

El símbolo  en el producto o en los documentos que se incluyen con el producto, indica que no se puede tratar como residuo doméstico. Es necesario entregarlo en un punto de recogida para reciclar aparatos eléctricos y electrónicos. Deséchelo con arreglo a las normas medioambientales para eliminación de residuos.

Para obtener información más detallada sobre el tratamiento, recuperación y reciclaje de este producto, póngase en contacto con el ayuntamiento, con el servicio de eliminación de residuos urbanos o la tienda donde adquirió el producto.

**P** Este aparelho está classificado de acordo com a Directiva Europeia 2002/96/EC sobre Resíduos de equipamento eléctrico e electrónico (REEE). Ao garantir a eliminação adequada deste produto, estará a ajudar a evitar potenciais consequências negativas para o ambiente e para a saúde pública, que poderiam derivar de um manuseamento de desperdícios inadequado deste produto.

O símbolo  no produto, ou nos documentos que acompanham o produto, indica que este aparelho não pode receber um tratamento semelhante ao de um desperdício doméstico.

Pelo contrário, deverá ser depositado no respectivo centro de recolha para a reciclagem de equipamento eléctrico e electrónico. A eliminação deverá ser efectuada em conformidade com as normas ambientais locais para a eliminação de desperdícios.

Para obter informações mais detalhadas sobre o tratamento, a recuperação e a reciclagem deste produto, contacte o Departamento na sua localidade, o seu serviço de eliminação de desperdícios domésticos ou a loja onde adquiriu o produto.

**I** Questo apparecchio è contrassegnato in conformità alla Direttiva Europea 2002/96/EC, Waste Electrical and Electronic Equipment (WEEE). Assicurandosi che questo prodotto sia smaltito in modo corretto, l'utente contribuisce a prevenire le potenziali conseguenze negative per l'ambiente e la salute.

Il simbolo  sul prodotto o sulla documentazione di accompagnamento indica che questo prodotto non deve essere trattato come rifiuto domestico ma deve essere consegnato presso l' idoneo punto di raccolta per il riciclaggio di apparecchiature elettriche ed elettroniche.

Disfarsene seguendo le normative locali per lo smaltimento dei rifiuti. Per ulteriori informazioni sul trattamento, recupero e riciclaggio di questo prodotto, contattare l' idoneo ufficio locale, il servizio di raccolta dei rifiuti domestici o il negozio presso il quale il prodotto è stato acquistato.

**GR** Αυτή η συσκευή φέρει σήμανση σύμφωνα με την Ευρωπαϊκή οδηγία 2002/96/ΕΕ σχετικά με Απορριπτόμενα Ηλεκτρικά και Ηλεκτρονικά εξαρτήματα (WEEE). Εξασφαλίζοντας ότι το προϊόν αυτό απορριπτείται σωστά, θα βοηθήσετε στην πρόληψη πιθανών αρνητικών επιπτώσεων για το περιβάλλον και την ανθρώπινη υγεία, οι οποίες θα μπορούσαν να δημιουργηθούν από τον ακατάλληλο χειρισμό αυτού του προϊόντος ως απόρριμμα.

Το σύμβολο  πάνω στο προϊόν, ή στα έγγραφα που συνοδεύουν το προϊόν, υποδεικνύει ότι αυτή η συσκευή δεν μπορεί να θεωρηθεί οικιακό απόρριμμα. Αντί γι αυτό θα πρέπει να παραδοθεί στο κατάλληλο σημείο περίυλλογής για την ανακύκλωση των ηλεκτρικών και ηλεκτρονικών εξαρτημάτων.

Διαβάστε το ηρώοντας την τοπική νομοθεσία για τη διάθεση των απορριμμάτων.

Για πιο λεπτομερείς πληροφορίες σχετικά με την επεξεργασία, την περίυλλογή και την ανακύκλωση αυτού του προϊόντος, παρακαλούμε επικοινωνήστε με το αρμόδιο γραφείο της τοπικής σας αυτοδιοίκησης, την τοπική σας υπηρεσία αποκομής οικιακών απορριμμάτων ή το κατάστημα όπου αγοράσατε αυτό το προϊόν.

**S** Denna produkt är märkt enligt EG-direktiv 2002/96/EEC beträffande elektriskt och elektroniskt avfall (Waste Electrical and Electronic Equipment, WEEE).

Genom att säkerställa en korrekt kassering av denna produkt bidrar du till att förhindra potentiella, negativa konsekvenser för vår miljö och vår hälsa, som annars kan bli följden om produkten inte hanteras på rätt sätt.

Symbolen  på produkten, eller i medföljande dokumentation, indikerar att denna produkt inte får behandlas som vanligt hushållsavfall. Den skall i stället lämnas in på en lämplig uppsamlingsplats för återvinning av elektrisk och elektronisk utrustning. Produkten måste kasseras enligt lokala miljöbestämmelser för avfallshantering.

För mer information om hantering, återvinning och återanvändning av denna produkt, var god kontakta de lokala myndigheterna, ortens sophanteringstjänst eller butiken där produkten inhandlades.

**(N)** Dette apparatet er mærket i samsvar med EU-direktiv 2002/96/EC om anvending af elektrisk og elektronisk udstyr (Waste Electrical and Electronic Equipment - WEEE). Forskare deg om at dette produktet blir avhendet på korrekt vis, slik at det ikke kan utgjøre noen helse- eller miljørisiko.

Symbol  på produktet eller på dokumentene som følger med det, viser at dette produktet ikke må behandles som husholdningsavfall. Lever det til et autorisert mottak for resirkulering av elektrisk og elektronisk udstyr.

Avhenging må skje iht. de lokale renovasjonsforskriftene. For nærmere informasjon om håndtering, kassering og resirkulering av dette produktet, kontakt kommunen, renovasjonsvesenet eller forretningen der du anskaffet det.

**(DK)** Dette produkt er mærket i henhold til EU-direktiv 2002/96/EF om Kasseret elektrisk og elektronisk udstyr (WEEE). Ved at sikre, at dette produkt blir hver skrottet korrekt, hjælper man med til at forhindre potentielle, negative konsekvenser for miljøet og folkesundheden, der kunne opstå gennem u hensigtsmæssig bortskaffelse af dette produkt.

Symbol  på produktet eller på dokumenterne, der ledsager produktet, angiver, at produktet ikke må bortskaffes sammen med husholdningsaffaldet. Det skal i stedet afleveres på en genbrugsstation for elektrisk og elektronisk udstyr.

Det skal skrottes i henhold til gældende lokale miljøregler for bortskaffelse af affald. For yderligere oplysninger om håndtering, genvinning og genbrug af dette produkt bedes man kontakte de lokale myndigheder, renovationselskabet eller forretningen, hvor produktet er købt.

**(FIN)** Tämä laite on merkitty WEEE-direktiivin (Waste Electrical and Electronic Equipment) 2002/96/EC mukaisesti. Varmistamalla, että tuote poistetaan käytöstä asianmukaisesti, voidaan auttaa estämään sellaiset ympäristö- ja terveyshaitat, jotka saattaisivat aiheutua jätteiden asiattomasta käsittelystä.

Symbol  tuotteesta tai sen dokumentaatiosta tarkoittaa, ettei laitetta saa hävittää kotitalousjätteiden mukana. Sen sijaan tuote on toimitettava sähkö- ja elektroniikkakomponenttien keräys- ja kierrätyspisteeseen. Laitteen käytöstäpoiston suhteen on noudatettava paikallisia jätehuoltomääräyksiä.

Lisätietoja tuotteen käsittelystä, talteenotosta ja kierrätyksestä saa kaupungin- tai kunnanvirastosta, paikallisesta jätehuoltoilikkeestä tai liikkeestä, josta tuote ostettiin.

**(PL)** Niniejsze urządzenie posiada oznaczenia zgodnie z Dyrektywą Europejską 2002/96/EC w sprawie zużytego sprzętu elektrycznego i elektronicznego (WEEE).

Zapewniając prawidłowe złomowanie niniejszego urządzenia przyczynia się Państwo do ograniczenia ryzyka wystąpienia negatywnego wpływu produktu na środowisko i zdrowie ludzi, które mogłoby zaistnieć w przypadku niewłaściwej utylizacji urządzenia.

Symbol  umieszczony na produkcie lub na dołączonych do niego dokumentach oznacza, że niniejszy produkt nie jest klasyfikowany jako odpad z gospodarstwa domowego.

Urządzenie, w celu jego złomowania, należy zdać w odpowiednim punkcie utylizacji odpadów w celu recyklingu komponentów elektrycznych i elektronicznych.

Urządzenie należy złomować zgodnie z lokalnymi przepisami dot. utylizacji odpadów.

Dodatkowe informacje na temat utylizacji, złomowania i recyklingu opisywanego urządzenia można uzyskać w lokalnym urzędzie miasta, w miejskim przedsiębiorstwie utylizacji odpadów lub w sklepie, w którym produkt został zakupiony.

**(CZ)** Tento spotřebič je označen v souladu s evropskou směrnicí 2002/96/ES o likvidaci elektrického a elektronického zařízení (WEEE). Zajištěním správné likvidace tohoto výrobku pomůžete zabránit případným negativním důsledkům na životní prostředí a lidské zdraví, ke kterým by nevhodnou likvidací tohoto výrobku mohlo dojít.

Symbol  na výrobku nebo na dokumentech přiložených k výrobku udává, že tento spotřebič nepatří do domácího odpadu. Spotřebič je nutné odvézt do sběrného místa pro recyklaci elektrického a elektronického zařízení.

Likvidace musí být provedena v souladu s místními předpisy o ochraně životního prostředí, které se týkají likvidace odpadu.

Podrobnější informace o zpracování, recuperaci a recyklaci tohoto výrobku zjistíte u příslušného místního úřadu, služby pro likvidaci domovního odpadu nebo v obchodě, kde jste výrobek zakoupili.

**(SK)** Tento spotřebič je označen v súlade s Európskou smernicou 2002/96/ES o likvidácii elektrických a elektronických zariadení (WEEE). Zabezpečením, že tento výrobok bude zlikvidovaný správnym spôsobom, pomôžete predchádzať potenciálnym negatívnym dopadom na životné prostredie a ľudské zdravie, ktoré by sa v inom prípade mohli vyskytnúť pri nevhodnom zaobchádzaní pri likvidácii tohto výrobku.

Symbol  na výrobku alebo na sprievodných dokumentoch znamená, že s týmto výrobkom sa nesmie zaobchádzať ako s domovým odpadom. Naopak, treba ho odovzdať v zbernom stredisku na recykláciu elektrických alebo elektronických zariadení. Likvidácia musí byť vykonaná v súlade s predpismi na ochranu životného prostredia pre likvidáciu odpadov.

Podrobnejšie informácie o zaobchádzaní, regenerácii a recyklácii tohto výrobku si vyžiadajte na Vašom miestnom úrade, v zberných surovinách alebo v obchode, kde ste výrobok kúpili.

**(H)** A készüléken található jelzés megfelel az elektromos és elektronikus berendezések hulladékairól szóló 2002/96/EK európai irányelvben (WEEE) foglalt előírásoknak.

A hulladékként a termék szabványos elhelyezésével Ön segít elkerülni a környezettel és az emberi egészséggel kapcsolatos azon esetleges negatív következményeket, amelyek a termék nem megfelelő hulladékkézelésével egyébként okozhatna.

A terméken vagy a termékhez mellékelte dokumentumokon feltüntetett

jelzés arra utal, hogy ez a termék nem kezelhető háztartási hulladékként. Ehelyett a termékét a villamos és elektronikus berendezések újrahasznosítását végző telephelyek valamelyikén kell leadni.

Kisebítéjezők a hulladékeltávolításra vonatkozó helyi környezetvédelmi előírások szerint kell eljárni.

A termék kezelésével, hasznosításával és újrahasznosításával kapcsolatos bővebb tájékoztatásért forduljon a lakóhely szerinti polgármesteri hivatalhoz, a háztartási hulladékok kezelését végző társasághoz vagy ahhoz a bolthoz, ahol a terméket vásárolta.

**(RUS)** Данное изделие промаркировано в соответствии с Европейской директивой 2002/96/EC по утилизации электрического и электронного оборудования (WEEE).

Обеспечив правильную утилизацию данного изделия, Вы можете предотвратить потенциальные негативные последствия для окружающей среды и здоровья человека, которые могли бы иметь место в противном случае.

Символ  на самом изделии или сопроводительной документации указывает, что при утилизации данного изделия с ним нельзя обращаться как с обычными бытовыми отходами. Вместо этого, его следует сдавать в соответствующий пункт приема электрического и электронного оборудования для последующей утилизации.

Сдача на слом должна производиться в соответствии с местными правилами по утилизации отходов. За более подробной информацией о правилах обращения с такими изделиями, их утилизации и переработке обращайтесь в местные органы власти, в службу по утилизации отходов или в магазин, в котором Вы приобрели данное изделие.

**(BG)** Този уред е маркиран в съответствие с Европейска директива 2002/96/ЕО "Електрическо и електронно оборудване за отпадъци" (WEEE).

Като се погрижите това изделие да бъде изхвърлено по правилен начин, вие ще помогнете за предотвратяване на възможните негативни последици за околната среда и здравето на хората, което в противен случай може да бъде предизвикано от неправилно изхвърляне на това изделие.

Символът  върху изделието или върху документите, приложени към изделието, показва, че това изделие не бива да се третира като битови отпадъци. Вместо това, то трябва да се предава в специализиран пункт за рециклиране на електрическо и електронно оборудване. При изхвърлянето му спазвайте местните норми за изхвърляне на отпадъци.

За по-подробна информация за третирането, възстановяването и рециклирането на това изделие се обърнете към вашата местна градска управа, към вашата служба за изхвърляне на битови отпадъци или към магазина, откъдето сте закупили изделието.

**(RO)** Acest aparat este marcat în conformitate cu Directiva Europeană 2002/96/CE referitoare la Deșeurile de Echipament Electric și Electronic (WEEE). Asigurându-vă că acest produs este eliminat în mod corect, contribuiți la prevenirea potențialelor consecințe negative asupra mediului înconjurător și sănătății persoanelor, consecințe care ar putea fi provocate de aruncarea necorespunzătoare la gunoi a acestui produs.

Simbolul  de pe produs, sau de pe documentele care însoțesc produsul, indică faptul că acesta nu poate fi aruncat împreună cu deșeurile menajere. Trebuie predat la punctul de colectare corespunzător, pentru reciclarea echipamentului electric și electronic. Anunțarea la gunoi a aparatului trebuie făcută în conformitate cu normele locale pentru eliminarea deșeurilor. Pentru informații mai detaliate privind eliminarea, valorificarea și reciclarea acestui produs, vă rugăm să contactați administrația locală, serviciul de eliminare a deșeurilor menajere sau magazinul de unde ați cumpărat produsul.
